

JACOB MUSHINGE

Birthday: October 1, 2004

PG / SG
- 6'5" / 175 LBS -

Jacob is a long, versatile guard who can play and defend multiple positions. He has a smooth jump-shot, great work ethic, and he is eager to learn. Because of his height, he is an above average rebounder from the guard position. He knows how to use his length on defense to bother shots, and create steals/tips. He is a great teammate, who will do whatever the team needs him to do to be successful. You won't find a hungrier or more humble young player.
